DETAILED ACTION

Response to Amendment

1. The amendment received on 3/02/2005 has been reviewed and considered with the following results:

As to the rejections to the claims, under 35 U.S.C. 112, 2nd paragraph, Applicant's amendments and clarifications have overcome the rejections, as such; the rejections have been withdrawn.

As to the prior art rejections to the claims, Applicant's amendments have overcome the rejections mailed on 12/01/2004, as such; the prior art rejections have been withdrawn. Therefore, now the case is found to be in allowance condition for the reasons as set for below.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or fairly suggest an apparatus (400 in instant Fig. 4), and a method of use thereof, for detecting a fault condition in a differential signal (S_{2h}) having a valid common-mode voltage, as recited in claims 1 and 5, having specific structural limitations such as an integrator (430a, which is also shown in detailed as 600 in instant Fig. 6) that is arranged to provide a first integrated signal in response to the first buffered signal and the first comparator circuit(430a) is arranged to produce the first signal in response to the first integrated signal and the first reference signal, whereby the integrator operates as a speed trap, and wherein the integrator includes a level shifter circuit (M12, I3) and a capacitance circuit (602), the level shifter circuit providing isolation between the input buffer circuit and the

capacitance circuit, and the capacitance circuit is arranged to average the first buffered signal; and being configured in combination with the rest of the limitations of the base claims and any intervening claims.

Claim 10 is allowed for similar reasons; note the above discussion with regard to claims 1 and 5.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
